- I want a copy of the HIPAA Privacy Policy
- I **do not** want a copy of the HIPAA Privacy Policy

I have given permission for the office of East Texas Surgical Associates, P.A., to discuss my medical history / condition with the following person(s):

Name: _____

- Limited Time
- Until Rescinded

Patient's Signature: _____ **Date:** ____/____/____

Patient Payment Policy

Thank you for choosing East Texas Surgical Associates, P.A.! We are committed to the success of your medical treatment and care. Please understand that payment for your services is part of your treatment and care.

For your convenience, we have answered a variety of commonly-asked financial policy questions below. If you need further information about any of these policies, please ask to speak with a billing specialist or the Practice Manager.

How May I Pay?

We accept payment by cash, check, VISA, MasterCard, American Express, and Discover.

Do I Need a Referral and / or Authorization?

If you have an HMO plan with which we are contracted, you need a referral and / or authorization from your primary care physician prior to your first visit. If we have not received a referral and / or authorization prior to your arrival at the office you will need to call your primary care physician and have a referral faxed to our office at Attn: Billing. If you are unable to obtain the referral and/or authorization at the time of service, you will be rescheduled to a later date to allow ample time for us to receive this in the office. We will not see you without this referral and/or authorization on file.

What is My Responsibility for Services?

- If services you receive are covered by your insurance plan: you will be responsible for all applicable co-pays, deductibles and out of pocket amounts at the time of service. VasCare offers a variety of payment plans.
- If services you receive are not covered by you insurance plan: You will be responsible for the full payment at the time of service. VasCare offers a variety of payment plans.
- We offer durable medical equipment (DME) products for sale (compression stockings, lotion, etc.) but we do not bill private insurance companies. If you would like to purchase any DME product, you will be expected to pay in full at the time of service and an itemized receipt will be given upon your request so you can bill your own insurance.

Our practice bases your costs off what is quoted to our Insurance Specialist by your insurance company. When verifying benefits our Insurance Specialist will ask how your insurance covers specialist office visits, Venous Doppler (CPT codes 93970, 93971) and Venefit Closure Procedures (CPT codes 36475, 36476, 36471).

We recommend that you call your insurance company as well and check on those services and CPT codes mentioned above. You may also see what medical policy guidelines you must follow for these procedures.

East Texas Surgical Associates, P.A. will not be held responsible for any misquotes in benefits.

Patient Payment Policy, Cont'd

Venfit Closure Procedures in the Office

If your physician recommends surgery, an inner office referral will be created and sent to the Surgery Coordinator. When the Surgery Coordinator receives the inner office referral, a request for predetermination / preauthorization will be sent to your insurance company with all required documentation. You will not be scheduled for surgeries until this process is done and it may take up to 30 days to get a predetermination from your insurance. Once our office has received the predetermination / preauthorization from your insurance company, an Estimated Surgical Cost Analysis will be generated and mailed to you with the amount you will owe for the procedure(s). Once this is done, the Surgery Scheduler will contact you to schedule the surgeries. At that time, if you have any questions regarding the surgeries, the scheduler will be happy to assist you or if unable to he / she will direct you to the appropriate department.

The Estimated Surgical Cost Analysis is done as a courtesy to you and will show you your final estimated financial responsibilities, based on the benefit levels and coverage quoted by your insurance plan. This estimated amount will be expected to be paid in full at the initial surgery.

What if my Child Needs to See the Physician?

A parent or legal guardian must accompany patients who are minor, under the age of 18. This accompanying adult is responsible for payment of the account, according to the policy outlined above.

I have read, understand and agree to the above financial policy. I understand that the charges not covered by my insurance company, as well as applicable co-payments and deductibles, are my responsibility.

I authorize my insurance benefits be paid directly to East Texas Surgical Associates MD.

I authorize East Texas Surgical Associates, P.A. to release pertinent medical information to my insurance company when request, or to facilitate payment of a claim.

Walk-In Appointments:

East Texas Surgical Associates, P.A. actively encourages every patient to schedule an appointment for every episode of care. Patients in need of urgent care are asked to call ahead for an appointment even if they are only able to give minimal notice of their impending arrival. If your insurance requires referrals for office visits and there is not one on file, you will be expected to pay in full in advance of being seen.

No Show or Cancelled Appointments:

If you are unable to keep your scheduled appointment, please call our office 24 hours before your appointment to reschedule. This will allow time to provide that time slot to another patient. We reserve the right to charge \$25.00 for appointments that are not canceled at least 24 hours in advance.
